What if ... one connection could spark a breakthrough?

30+ Years
150+ Live & Virtual Events

Uniting today’s leading researchers, scientists and technologists to inspire discovery

Conference Catalog
January 2024 – September 2024

Healthtech.com
For 30+ years, Cambridge Healthtech Institute has developed more than 800 conferences, which have attracted over 60,000 attendees from around the world. CHI is the industry leader in offering quality programs that provide valuable new insights and competing points of view while offering balanced coverage of the latest developments in the life science industry. Leading researchers and business experts from top pharmaceutical, biotech, and academic organizations present their most current findings in a forum that features panel discussions and audience participation.

Each year, CHI organizes over 150+ Live & Virtual Events geared to the biotech and pharmaceutical industries with specific focuses on Biomarkers, Genomics, Proteins and Proteomics, Drug Discovery & Development, IT and Informatics, Chemistry, Diagnostics & Safety, and Business.

For a comprehensive listing and detailed information about our products and services, please visit: healthtech.com.
How Are You Developing Your Clinical Research Workforce?

» Role-based training for key clinical research roles
» On-demand company-wide GCP training
» Subscription-based access to Barnett’s numerous resources
» Training strategy consulting
» Licensing of Barnett’s content and train-the-trainer programs
» Publications, reference guides and job aids

Let Barnett help you to Maximize Your Training & Development Initiatives while leveraging our resources for your teams.

BarnettInternational.com
+1.781.972.5402 for General Inquiries • +1.215.413.2471 for Customized Programs

Breakthroughs happen.

January – September 2024
## Therapeutic Indications

**Characterization of Biotherapeutics**  
January 16 - 17, 2024 • San Diego, CA

**Developability of Bispecific Antibodies**  
January 16 - 17, 2024 • San Diego, CA

**Safety & Efficacy of Bispecific Antibodies, ADCs and Combination Therapy**  
January 18 - 19, 2024 • San Diego, CA

**Characterizing Protein Aggregates & Impurities**  
January 18 - 19, 2024 • San Diego, CA

**OPT Congress: Oligonucleotide & mRNA Therapeutics**  
March 13 - 14, 2024 • Boston, MA

**Precision Med TRI-CON**  
March 26 - 28, 2024 • San Diego, CA

**Liquid Biopsy**  
March 26 - 27, 2024 • San Diego, CA

**Rare Disease Genomics and Diagnostics**  
March 27 - 28, 2024 • San Diego, CA

**Multi-Cancer Early Detection**  
March 27 - 28, 2024 • San Diego, CA

**Covalent Modifications & Induced Proximity**  
April 1, 2024 • San Diego, CA

**Targeting Transcription Factors**  
April 1, 2024 • San Diego, CA

**Generative AI & Predictive Modeling**  
April 1, 2024 • San Diego, CA

---

## Drug & Device Safety Series

**Viral Vector Engineering & Scale-Up Considerations**  
January 16 - 17, 2024 • San Diego, CA

**Quality & Monitoring**  
February 11 - 14, 2024 • Orlando, FL

**Med Device Trials**  
February 11 - 14, 2024 • Orlando, FL

**Precision Med TRI-CON**  
March 26 - 28, 2024 • San Diego, CA

---

**Bispecific and Multispecific Antibody Therapeutics**  
April 24 - 25, 2024 • South Quay London

**Advancing Bispecific Antibodies and Combination Therapy to the Clinic**  
May 14 - 15, 2024 • Boston, MA

**Immunogenicity Assessment and Management**  
May 14 - 15, 2024 • Boston, MA

**Advances in CART Therapy**  
August 7 - 8, 2024 • Philadelphia, PA

**Bispecific Antibodies for Cancer Immunotherapy**  
August 7 - 8, 2024 • Philadelphia, PA

**Emerging Cell-Based Immunotherapies**  
August 8 - 9, 2024 • Philadelphia, PA

---

**Characterizing Protein Aggregates & Impurities**  
January 18 - 19, 2024 • San Diego, CA

**At-Home & Point-of-Care Diagnostics**  
March 26 - 27, 2024 • San Diego, CA

**Infectious Disease Diagnostics**  
March 27 - 28, 2024 • San Diego, CA

---

**Artificial Intelligence in Diagnostics**  
March 27 - 28, 2024 • San Diego, CA

**Early Cancer Surveillance**  
August 20-21, 2024 • Washington, D.C.
Intelligent Antibody Discovery: Part 1
January 16 - 17, 2024 • San Diego, CA

Developability of Bispecific Antibodies
January 16 - 17, 2024 • San Diego, CA

Intelligent Antibody Discovery: Part 2
January 18 - 19, 2024 • San Diego, CA

Safety & Efficacy of Bispecific Antibodies, ADCs and Combination Therapy
January 18 - 19, 2024 • San Diego, CA

Summit for Clinical Ops Executives (SCOPE)
February 11 - 14, 2024 • Orlando, FL

Clinical Supply
February 11 - 14, 2024 • Orlando, FL

Data
February 11 - 14, 2024 • Orlando, FL

Clinical Operations for Small Biopharma
February 11 - 14, 2024 • Orlando, FL

Precision Med TRI-CON
March 26 - 28, 2024 • San Diego, CA

Artificial Intelligence in Precision Medicine and Diagnostics
March 26 - 27, 2024 • San Diego, CA

Artificial Intelligence in Diagnostics
March 27 - 28, 2024 • San Diego, CA

Generative AI & Predictive Modeling
April 1, 2024 • San Diego, CA

AI/Machine Learning for Early Drug Discovery: Part 1
April 2 - 3, 2024 • San Diego, CA

Encoded Libraries for Drug Discovery
April 2 - 3, 2024 • San Diego, CA

Degraders & Molecular Glues: Part 1
April 2 - 3, 2024 • San Diego, CA

RNA-Modulating Small Molecule Drugs
April 3 - 4, 2024 • San Diego, CA

Degraders & Molecular Glues: Part 2
April 3 - 4, 2024 • San Diego, CA

Oral Peptides & Macrocyclics
April 3 - 4, 2024 • San Diego, CA

AI/Machine Learning for Early Drug Discovery: Part 2
April 3 - 4, 2024 • San Diego, CA

Bio-IT World Conference & Expo
April 15 - 17, 2024 • Boston, MA

FAIR Data
April 15, 2024 • Boston, MA

Knowledge Graphs
April 15, 2024 • Boston, MA

Quantum Computing
April 15, 2024 • Boston, MA

Digital Biopharma
April 15, 2024 • Boston, MA

Modern Data Platforms and Storage Infrastructure
April 16 - 17, 2024 • Boston, MA

Software Applications and Services
April 16 - 17, 2024 • Boston, MA

Data Management
April 16 - 17, 2024 • Boston, MA

Bioprocessing Summit Europe
March 19-21, 2024
Bioprocessing Summit Europe brings together 750+ upstream, downstream, bioproduction, analytical and formulation professionals to advance the manufacture, quality and control of biological and genetic therapies, and new for 2024, Alternative Proteins such as Cultured Meat. This 3-day, 12 track meeting has quickly become a premier meeting in the European bioprocessing calendar and is regarded by many as “the fastest growing bioprocessing meeting in Europe” following record growth in 2023 – 500 to 700+ attendees – including a sold-out Exhibit Hall of 65 Solution Providers. We look forward to seeing you in Barcelona on 19-21 March 2024, with expanded content on downstream processing, smart and sustainable bioproduction, cell and gene therapy, alternative proteins, and a vastly bigger Exhibit Hall.

Precision MedTri-Con
March 26-28, 2024
For 3 decades, the Precision Med TRI-CON has served as the leading international meeting place for the diagnostics and precision medicine community. Join thousands of international thought leaders to discuss the latest research, technologies, innovation and business models in implementing precision medicine, biomarkers and companion diagnostics, genomic medicine, and precision health; innovation and market access strategies for at-home diagnostics, point-of-care testing and molecular diagnostics for infectious diseases; liquid biopsy and advanced diagnostics for precision oncology, including multi-cancer early detection and minimal residual disease testing. Emerging implications of faster and cheaper sequencing, AI and digital tools, spatial biology and single-cell multimetrics in advancing precision medicine will be covered in 2024. Join us in sunny San Diego for the in-person networking and visionary and thought-provoking keynote discussions you’ve come to expect from the TRI-CON!
triconference.com

Drug Discovery Chemistry
April 1-4, 2024
Drug Discovery Chemistry is a dynamic conference for medicinal and biophysical chemists working in pharma, biotech, and academia. Focused on discovery and optimization challenges of small molecule drug candidates, this event provides many exciting opportunities for scientists to create a unique program to hear presentations most suited to one’s interests by going back and forth among concurrent tracks. Last year’s event was our largest ever! For more, see our testimonial video and photo gallery. Speakers from industry are once again strongly represented, including AbbVie, Astex Pharmaceuticals, AstraZeneca, Bristol Myers Squibb, Chugai Pharmaceutical Co., Genentech, GlaxoSmithKline, Janssen, Merck, Novartis, Pfizer, Roche, Sanofi, Takeda Pharmaceuticals, and more.

Immuono-Oncology Summit Europe
23-25 April 2024
Now into our 8th year, CHI’s Immuno-Oncology Summit Europe is the premier event for immuno-oncology professionals who want to learn about the latest advancements and innovations in the field. The Summit will take place on 23-25 April 2024 in London, one of the world’s leading hubs for biomedical research and clinical development. With a comprehensive agenda encompassing four distinct yet related programs - Modulating the Tumour Microenvironment, Next Generation Cell-Based Immunotherapies, Bispecific and Multi-specific Antibody Therapeutics and Therapeutic Cancer Vaccines, the Summit promises to be a forum for the exchange of cutting-edge research, and a platform for collaboration among the global immuno-oncology community. Highlights include a plenary keynote session featuring 2 distinguished speakers; engaging breakout discussions that bring peers together to chat about the most pressing or contentious topics; a balanced faculty of industry and academia speakers; posters showcasing innovative studies and an Exhibit Hall gathering the technology leaders in the IO space. Join us at the Immuno-Oncology Summit Europe 2024 to meet peers, exchange ideas, and find collaborators to accelerate your next IO program.

Conferences by Date with Detail

PepTalk: The Protein Science and Production Week
January 16-19, 2024
PepTalk provides a comprehensive program and innovative solutions for optimizing biotherapeutics. Conference tracks cover a range of topics including antibody engineering, bispecific antibody development, characterization of biologics, viral vector engineering, and protein expression platforms. Learn from expert speakers, engage with a devoted community, and gain valuable tools to advance your research. Join us for four days of immersive learning, world-class presentations, poster sessions, keynotes, breakout groups, panel discussions, training seminars, exhibitions, and collaboration and networking opportunities.

Digital Healthcare Innovation Summit West
February 6-7, 2024
Join leading healthcare innovators and investors at the 3rd Annual West Coast Digital Healthcare Innovation Summit (DHIS) in La Jolla, CA. We’ll examine and discuss the most timely and important issues facing the field now. Catch lively panels, take part in interactive breakouts, and network with industry professionals throughout. Investors, startups & emerging companies, tech companies, payers, providers, and veteran advisors will all be attending this premier boutique event. Be a part of the community fueling healthcare innovation!

Summit for Clinical Ops Executives (SCOPE)
February 11-14, 2024
Clinical trials and clinical research are essential for advancing medical knowledge, improving patient care, and developing new treatments and therapies for the patients who need them. Execution of this vital work requires collaboration, innovation, and strategic decision-making. Now in its 15th year of fostering these joint efforts to advance our medical knowledge inclusive of all stakeholders, SCOPE Summit 2024 will take place February 11-14, 2024, in Orlando, FL at the Rosen Shingle Creek. Over four stimulating days of in-depth discussions and networking in 29 different conferences, a bustling exhibit hall with 200 companies, 3 plenary keynote sessions, the 8th annual Participant Engagement Awards, the inaugural Site Innovation Award, special cross-department panels, the 3rd annual Master of Clinical Research golf tournament, a Big Game Tailgate Party, and a boutique investor conference, the programming focuses on advances and innovative solutions in all aspects of clinical trial innovation, planning, management, operations, and investment. SCOPE welcomes more than 3,500 attendees, 850 different organizations, from 27 countries, in clinical operations, clinical trials, innovation, and research. scopesummit.com

OPT Congress: Oligonucleotide & mRNA Therapeutics
March 13-14, 2024
OPT Congress is the premier conference for scientists and clinicians involved in discovering and developing oligonucleotides as therapeutics. NEW for 2024 we are delighted to expand our content and offer 3 conference programs dedicated to mRNA therapeutics to complement our established Oligo Discovery & Delivery and CMC & Regulatory programs. Now in its 9th year, this unique event brings together leading chemists, biologists, toxicologists, CMC experts, regulatory specialists and technology providers to discuss advances in next-generation oligonucleotides and mRNA therapeutics. In addition to 2 days of inspiring keynotes, interactive discussions and more than 95 scientific presentations, we deliver 2 in-depth, pre-conference dinner short courses. We look forward to having you join us for this important scientific and networking event, that offers robust and customizable programming.

Bio-IT World Conference & Expo
April 15-17, 2024
The Bio-IT World Conference & Expo is the world's premier event showcasing the technologies and analytic approaches that solve problems, accelerate science, and drive the future of precision medicine. The Event unites a community of leading life sciences, pharmaceutical, clinical, healthcare, in-formatics, and technology experts in the fields of biomedical research, drug discovery & development, and healthcare from around the world. During April 15-17, 2024, our 23rd annual event will once again host the conversations that connect people, ideas, and opportunities that are advancing research and innovation. Join your colleagues for updates from inspiring keynotes, more than 200 presentations, and 3 days of interactive discussion.

PEGS Boston Summit
May 13-17, 2024
The PEGS Boston Summit brings together leading experts at the forefront of biologics innovation, providing insights into the latest technologies, research, and advancements in drug development, protein and antibody engineering, immunotherapy, immunogenicity, expression platforms, multispecific antibodies, machine learning and AI in biologics, and more. PEGS Boston features main conference sessions as well as deep dive training seminars and topic-focused short courses. PEGS Boston Summit is your number one resource for protein engineering updates and is the conference to attend in 2024 to network, collaborate, and learn from the industry's best.

Digital Healthcare Innovation Summit East
June 5-6, 2024
Join leading healthcare innovators and investors at the Digital Healthcare Innovation Summit (DHIS) in Boston, MA. We’ll examine timely topics, such as direct-to-consumer healthcare, underserved populations, important regulatory or policy changes, distributed vs. centralized care, women's health, laaS and IoT in healthcare, and more. Catch lively panels, take part in interactive breakouts, and network with industry leaders in this tight community. Investors, startups & emerging companies, tech companies, payers, providers, and veteran advisors will all be attending, so don’t miss out. This premier boutique digital health event helps fuel healthcare innovation – be a part of it!

Next Generation Dx Summit
August 19-21, 2024
Cambridge Healthtech Institute is proud to present the 16th Annual Next Generation Dx Summit which will take place at the Capital Hilton in Washington, D.C., on August 19-21, 2024. The Next Generation Dx Summit is the nexus for international thought leaders to discuss diagnostic advancement and technology innovation. This year’s event provides a valuable window on the state-of-the-art forecasting and future trends in point-of-care and decentralized testing, infectious disease, liquid biopsy, multi-cancer early detection, reimbursement, regulation, and companion diagnostics to improve the standard of care in medicine. This must-attend Summit offers incomparable networking and complete coverage of the most timely and important topics for the industry.

nextgenerationdx.com

Bioprocessing Summit
August 19-22, 2024
Join us as we bring together thought leaders and pioneers in bioprocess R&D, scale-up, quality, and analytics. Explore cutting-edge research, exchange insights with industry experts, and chart the course for advancements that will shape the future of bioprocessing. The Summit features main conference sessions, in-depth training seminars, a 1-day investor conference for C-level executives, a workshop dedicated to talent recruitment, acquisition and retention strategies, an engaging exhibit hall and a plethora of networking opportunities. Elevate your knowledge, expand your network, and be at the forefront of bioprocess innovation.

bioprocessingsummit.com
At Cambridge Healthtech Institute (CHI), we believe bringing together a unique and diverse constellation of innovators, scientists, and life science professionals can hold the key to developing tomorrow's cures and diagnostics.

We are a life science network for leading researchers and business experts from top pharmaceutical, biotech, and academic organizations. CHI's product portfolio includes Cambridge Healthtech Institute Conferences, Barnett International, Insight Pharma Reports, and Cambridge Innovation Publishing, consisting of Bio-IT World, Clinical Informatics News, and Diagnostics World.
