

What if ... one connection could spark a breakthrough?

25+
Years

150+
Live & Virtual
Events

Uniting today's leading
researchers, scientists
and technologists
to inspire discovery

Conference Catalog

March-August 2022

Healthtech.com

CHI is a Division of

Cambridge **Innovation** Institute
RESEARCH • COLLABORATION • ADVANCEMENT

TABLE OF CONTENTS

CONFERENCE BY SERIES

Biological Therapeutic Products	4
Therapeutic Indications	4
Chemistry	5
Informatics and IT	5
Detection	5
Bioprocess and Manufacturing	5
Clinical Trials & Translational Medicine	6
Genomics.....	6
Biomarkers and Diagnostics	6
Drug and Device Safety	6
Technology and Tools for Life Sciences.....	7
BioPharmaceutical Strategy.....	7
Drug Discovery & Development	8
Drug Targets.....	8

CONFERENCES BY DATE WITH DETAIL	9-10
---------------------------------------	------

About Cambridge Healthtech Institute

For over 25 years, Cambridge Healthtech Institute has developed more than 800 conferences, which have attracted over 60,000 attendees from around the world. CHI is the industry leader in offering quality programs that provide valuable new insights and competing points of view while offering balanced coverage of the latest developments in the life science industry. Leading researchers and business experts from top pharmaceutical, biotech, and academic organizations present their most current findings in a forum that features panel discussions and audience participation.

Each year, CHI organizes over 170 annual events geared to the biotech and pharmaceutical industries with specific focuses on Biomarkers, Genomics, Proteins and Proteomics, Drug Discovery & Development, IT and Informatics, Chemistry, Diagnostics & Safety, and Business.

For a comprehensive listing and detailed information about our products and services, please visit: healthtech.com.

CONTACT US

CLIENT RELATIONS

Pamela Gerardi
Director, Client Relations
E: pgerardi@healthtech.com | T: 781-972-5409

Kris Waterman
Client Relations Manager
E: kwateman@healthtech.com | T: 781-972-5413

MARKETING

Jim MacNeil
Vice President of Marketing
E: jmacneil@healthtech.com | T: 781-972-5441

Rich Handy
Senior Director of Marketing
E: rhandy@healthtech.com | T: 781-972-5456

SPONSOR & EXHIBIT SALES

Angela Parsons
Vice President of Business Development
E: aparsons@healthtech.com | T: 781-972-5467

GROUP SALES

David Cunningham
Director, Inside Sales
E: cunningham@healthtech.com | T: 781-972-5472

GRAPHICS

Thomas Norton
Design Director
E: tnorton@healthtech.com | T: 781-972-5440

PRODUCTION

Edel O' Regan, Ph.D.
Vice President of Production
E: eoregan@healthtech.com | T: 781-972-5423

Christina Lingham
Executive Director, Conferences and Fellow
E: clingham@healthtech.com | T: 781-972-5464

Mary Ann Brown
Executive Director of Conferences
E: mabrown@healthtech.com | T: 781-972-5497

Julia Boguslavsky
Executive Director of Conferences
E: juliab@healthtech.com | T: 760-732-3139

Micah Lieberman
Executive Director of Conferences
E: mlieberman@healthtech.com | T: 541-482-4709

Marina Filshtinsky
Executive Director of Conferences
E: mfilshtinsky@healthtech.com | T: 781-972-5496

Cambridge Healthtech Institute

250 First Avenue, Suite 300 | Needham, MA 02494
T: (781) 972-5400 or Toll-free in the U.S. 888-999-6288
F: (781) 972-5425

2022 KEY EVENTS: MARCH-AUGUST

APRIL 18 - 21, 2022
HILTON BAYFRONT | SAN DIEGO, CA & ONLINE

17TH ANNUAL

Drug Discovery Chemistry

Optimizing Small Molecules for Tomorrow's Therapeutics

18TH ANNUAL

PEGS BOSTON

CONFERENCE & EXPO

MAY 2-6, 2022
BOSTON, MA

The Essential Protein Engineering & Cell Therapy Summit

21ST ANNUAL

Bio-IT World

CONFERENCE & EXPO

2022 MAY 3-5, 2022 | BOSTON, MA
HYNES CONVENTION CENTER

20TH ANNIVERSARY

SOLVING TODAY'S CHALLENGES,
LEADING TO TOMORROW'S ADVANCES

The 14TH ANNUAL

BIOPROCESSING SUMMIT

August 15-18, 2022 • Boston, MA
In-Person & Virtual

14TH ANNUAL

Next Generation Dx

SUMMIT

AUGUST 22-24, 2022
WASHINGTON, D.C. & VIRTUAL
FLEXIBLE REGISTRATION

ADVANCING DIAGNOSTICS TOGETHER

How Are You Developing Your Clinical Research Workforce?

- » Role-based training for key clinical research roles
- » Membership-based access to Barnett's numerous resources
- » Licensing of Barnett's content and "train-the-trainer" programs
- » On-demand company-wide GCP training
- » Training strategy consulting
- » Publications, reference guides and job aides

BarnettInternational.com

+1 781 972 5402 for General Inquiries • +1 215 413 2471 for Customized Programs

Let Barnett help you to
Maximize Your Training & Development Initiatives
while leveraging our resources for your teams.

BARNETT  **INTERNATIONAL**

Biological Therapeutic Products

OPT Congress: Oligonucleotide & Precision Therapeutics

March 15-16, 2022 • Boston, MA

Oligonucleotide Discovery and Delivery

March 15-16, 2022 • Boston, MA

Oligonucleotide CMC and Regulatory Strategies

March 15-16, 2022 • Boston, MA

Cell Culture and Bioproduction

March 22-23, 2022 • Barcelona

Advances in Recovery and Purification

March 22-23, 2022 • Barcelona

Gene Therapy CMC and Manufacturing

March 22-23, 2022 • Barcelona

Analytics and Characterisation

March 22-23, 2022 • Barcelona

Cell Line Development

March 23-24, 2022 • Barcelona

Intensified and Continuous Processing

March 23-24, 2022 • Barcelona

Cell Therapy CMC and Manufacturing

March 23-24, 2022 • Barcelona

Formulation and Stability

March 23-24, 2022 • Barcelona

Gene Therapy Summit

April 11-13, 2022 • Boston, MA

Vector Analytics for Gene Therapy

April 11, 2022 • Boston, MA

Vector Engineering & Design

April 12, 2022 • Boston, MA

Advancing Gene Therapy to the Clinic

April 13, 2022 • Boston, MA

PEGS Boston: The Essential Protein Engineering & Cell Therapy Summit

May 2-6, 2022 • Boston, MA

Display of Biologics

May 2-3, 2022 • Boston, MA

Difficult-to-Express Proteins

May 2-3, 2022 • Boston, MA

Characterization for Novel Biotherapeutics

May 2-3, 2022 • Boston, MA

Improving Immunotherapy Efficacy and Safety

May 2-3, 2022 • Boston, MA

Antibodies for Cancer Therapy

May 2-3, 2022 • Boston, MA

Engineering Antibodies

May 3-4, 2022 • Boston, MA

Biophysical Methods

May 3-4, 2022 • Boston, MA

Optimizing Protein Expression

May 3-4, 2022 • Boston, MA

Cell-Based Immunotherapies

May 3-4, 2022 • Boston, MA

Advancing Bispecific Antibodies and Combination Therapy to the Clinic

May 3-4, 2022 • Boston, MA

Immunogenicity Assessment and Management

May 3-4, 2022 • Boston, MA

Emerging Targets and Novel Approaches for Oncology & Beyond

May 3-4, 2022 • Boston, MA

Machine Learning Approaches for Protein Engineering

May 5-6, 2022 • Boston, MA

Gene Therapy R&D Analytics

May 5-6, 2022 • Boston, MA

Engineering Bispecific Antibodies

May 5-6, 2022 • Boston, MA

Driving Clinical Success in Antibody Drug Conjugates

May 5-6, 2022 • Boston, MA

Next Generation-Immunotherapies

May 5-6, 2022 • Boston, MA

Maximizing Protein Production Workflows

May 5-6, 2022 • Boston, MA

Immuno-Oncology Summit Europe

May 23-24, 2022 • London, UK

Targeting the Tumour Microenvironment

May 23-24, 2022 • London, UK

Immuno-Oncology Therapeutic Development

May 23-24, 2022 • London, UK

T Cell-Based Cancer Immunotherapy

May 23-24, 2022 • London, UK

Bispecific and Multi-Specific Antibody Therapeutics

May 23-24, 2022 • London, UK

Clinical & Translational Biomarkers

June 20-21, 2022 • Boston, MA

Immuno-Oncology Biomarkers

June 21-22, 2022 • Boston, MA

Predictive Preclinical Models in Oncology

June 23-24, 2022 • Boston, MA

Optimizing Cell Line and Cell Culture Processes

August 15-16, 2022 • Boston, MA

Vaccine Development and Manufacturing

August 15-16, 2022 • Boston, MA

Gene Therapy CMC and Analytics

August 15-16, 2022 • Boston, MA

Rapid Methods to Assess Stability and Impurities in Biologics

August 15-16, 2022 • Boston, MA

Cell Therapy CMC and Analytics

August 15-16, 2022 • Boston, MA

Integrated Continuous Processing

August 15-16, 2022 • Boston, MA

mRNA-Based Therapeutics

August 17-18, 2022 • Boston, MA

Gene Therapy Manufacturing

August 17-18, 2022 • Boston, MA

Bioproduction: Smart Biomanufacturing and Digitalization

August 17-18, 2022 • Boston, MA

Advances in Purification & Recovery

August 17-18, 2022 • Boston, MA

Formulation and Delivery of Biologics and New Modalities

August 17-18, 2022 • Boston, MA

Cell Therapy Manufacturing

August 17-18, 2022 • Boston, MA

Therapeutic Indications SERIES

OPT Congress: Oligonucleotide & Precision Therapeutics

March 15-16, 2022 • Boston, MA

Oligonucleotide Discovery and Delivery

March 15-16, 2022 • Boston, MA

Oligonucleotide CMC and Regulatory Strategies

March 15-16, 2022 • Boston, MA

Targeting Stromal Cells in Cancer and Inflammatory Diseases

April 5-7, 2022 • Virtual

Gene Therapy Summit

April 11-13, 2022 • Boston, MA

Vector Analytics for Gene Therapy

April 11, 2022 • Boston, MA

Vector Engineering & Design

April 12, 2022 • Boston, MA

Advancing Gene Therapy to the Clinic

April 13, 2022 • Boston, MA

Covalent Modifications and Induced Proximity

April 18, 2022 • San Diego, CA

Protein Degradation Using PROTACs and Molecular Glues

April 19-20, 2022 • San Diego, CA

RNA-Targeting Small Molecule Drugs

April 20-21, 2022 • San Diego, CA

Chemoproteomics & Chemical Biology

April 20-21, 2022 • San Diego, CA

PEGS Boston: The Essential Protein Engineering & Cell Therapy Summit

May 2-6, 2022 • Boston, MA

Display of Biologics

May 2-3, 2022 • Boston, MA

Improving Immunotherapy Efficacy and Safety

May 2-3, 2022 • Boston, MA

Antibodies for Cancer Therapy

May 2-3, 2022 • Boston, MA

Cell-Based Immunotherapies

May 3-4, 2022 • Boston, MA

Advancing Bispecific Antibodies and Combination Therapy to the Clinic

May 3-4, 2022 • Boston, MA

Immunogenicity Assessment and Management

May 3-4, 2022 • Boston, MA

Emerging Targets and Novel Approaches for Oncology & Beyond

May 3-4, 2022 • Boston, MA

Engineering Bispecific Antibodies

May 5-6, 2022 • Boston, MA

Driving Clinical Success in Antibody Drug Conjugates

May 5-6, 2022 • Boston, MA

Next Generation-Immunotherapies

May 5-6, 2022 • Boston, MA

AI for Oncology, Precision Medicine, and Health

May 4-5, 2022 • Boston, MA

Immuno-Oncology Summit Europe

May 23-24, 2022 • London, UK

Targeting the Tumour Microenvironment

May 23-24, 2022 • London, UK

Immuno-Oncology Therapeutic Development

May 23-24, 2022 • London, UK

T Cell-Based Cancer Immunotherapy

May 23-24, 2022 • London, UK

Bispecific and Multi-Specific Antibody Therapeutics

May 23-24, 2022 • London, UK

Immuno-Oncology Biomarkers

June 21-22, 2022 • Boston, MA

Vaccine Development and Manufacturing

August 15-16, 2022 • Boston, MA

Rapid Methods to Assess Stability and Impurities in Biologics

August 15-16, 2022 • Boston, MA

mRNA-Based Therapeutics

August 17-18, 2022 • Boston, MA

Formulation and Delivery of Biologics and New Modalities

August 17-18, 2022 • Boston, MA

CHEMISTRY

Oligonucleotide Discovery and Delivery

March 15-16, 2022 • Boston, MA

Drug Discovery Chemistry

April 18-21, 2022 • San Diego, CA

Covalent Modifications and Induced Proximity

April 18, 2022 • San Diego, CA

Fragment-Based Drug Discovery

April 19-20, 2022 • San Diego, CA

Encoded Libraries for Small Molecule Discovery

April 19-20, 2022 • San Diego, CA

Informatics AND IT

Artificial Intelligence for Early Drug Discovery

April 19-20, 2022 • San Diego, CA

Summit for Clinical Ops Executive Europe

April 20-21, 2022 • Barcelona

Feasibility, Site Selection and Study Activation

April 20-21, 2022 • Barcelona

Enrollment Planning, Participant Engagement and Recruitment

April 20-21, 2022 • Barcelona

Risk-Based Quality Management and Monitoring

April 20-21, 2022 • Barcelona

Clinical Data Strategy, Digital Endpoints and RWD

April 20-21, 2022 • Barcelona

PEGS Boston: The Essential Protein Engineering & Cell Therapy Summit

May 2-6, 2022 • Boston, MA

Immunogenicity Assessment and Management

May 3-4, 2022 • Boston, MA

Small Molecules for Cancer or Autoimmunity

April 19-20, 2022 • San Diego, CA

Protein Degradation Using PROTACs and Molecular Glues

April 19-20, 2022 • San Diego, CA

RNA-Targeting Small Molecule Drugs

April 20-21, 2022 • San Diego, CA

Protein-Protein Interactions

April 20-21, 2022 • San Diego, CA

Chemoproteomics & Chemical Biology

April 20-21, 2022 • San Diego, CA

Chemical Space bRo5: Macrocyclics, PROTACs and More

April 20-21, 2022 • San Diego, CA

PEGS Boston: The Essential Protein Engineering & Cell Therapy Summit

May 2-6, 2022 • Boston, MA

Machine Learning Approaches for Protein Engineering

May 5-6, 2022 • Boston, MA

Bio-IT World Conference & Expo

May 3-5, 2022 • Boston, MA

Modern Data Platforms and Storage Infrastructure

May 4-5, 2022 • Boston, MA

Software Applications and Services

May 4-5, 2022 • Boston, MA

Data Management

May 4-5, 2022 • Boston, MA

Cloud Computing

May 4-5, 2022 • Boston, MA

Digitization of Clinical Development and Clinical Trials

May 4-5, 2022 • Boston, MA

Data Science and Analytics Technologies

May 4-5, 2022 • Boston, MA

Bioinformatics

May 4-5, 2022 • Boston, MA

AI for Oncology, Precision Medicine, and Health

May 4-5, 2022 • Boston, MA

Pharmaceutical R&D Informatics

May 4-5, 2022 • Boston, MA

AI for Drug Discovery and Development

May 4-5, 2022 • Boston, MA

Digital Biopharma

May 4-5, 2022 • Boston, MA

Automation, Digital Lab, and Robotics

May 4-5, 2022 • Boston, MA

Bioproduction: Smart Biomufacturing and Digitalization

August 17-18, 2022 • Boston, MA

DETECTION

Vector Analytics for Gene Therapy

April 11, 2022 • Boston, MA

Liquid Biopsy & Circulating Tumor Cells

June 20-21, 2022 • Boston, MA

Biodetection Technologies

June 28-29, 2022 • Virtual

Enabling Point-of-Care Diagnostics

August 22-24, 2022 • Washington, D.C.

Drug-Diagnostic Co-Development and Companion Diagnostics

August 22-24, 2022 • Washington, D.C.

Liquid Biopsy for Disease Management

August 22-24, 2022 • Washington, D.C.

Advanced Diagnostics for Infectious Disease

August 22-24, 2022 • Washington, D.C.

Coverage and Reimbursement for Advanced Diagnostics

August 22-24, 2022 • Washington, D.C.

Early Cancer Surveillance

August 22-24, 2022 • Washington, D.C.

Bioprocess and Manufacturing

OPT Congress: Oligonucleotide & Precision Therapeutics

March 15-16, 2022 • Boston, MA

Oligonucleotide CMC and Regulatory Strategies

March 15-16, 2022 • Boston, MA

Bioprocessing Summit Europe

March 22-24, 2022 • Barcelona

Cell Culture and Bioproduction

March 22-23, 2022 • Barcelona

Advances in Recovery and Purification

March 22-23, 2022 • Barcelona

Gene Therapy CMC and Manufacturing

March 22-23, 2022 • Barcelona

Analytics and Characterisation

March 22-23, 2022 • Barcelona

Cell Line Development

March 23-24, 2022 • Barcelona

Intensified and Continuous Processing

March 23-24, 2022 • Barcelona

Cell Therapy CMC and Manufacturing

March 23-24, 2022 • Barcelona

Formulation and Stability

March 23-24, 2022 • Barcelona

Vector Analytics for Gene Therapy

April 11, 2022 • Boston, MA

Advancing Gene Therapy to the Clinic

April 13, 2022 • Boston, MA

Biophysical Methods

May 3-4, 2022 • Boston, MA

Gene Therapy R&D Analytics

May 5-6, 2022 • Boston, MA

The Bioprocessing Summit

August 15-18, 2022 • Boston, MA

Optimizing Cell Line and Cell Culture Processes

August 15-16, 2022 • Boston, MA

Vaccine Development and Manufacturing

August 15-16, 2022 • Boston, MA

Gene Therapy CMC and Analytics

August 15-16, 2022 • Boston, MA

Rapid Methods to Assess Stability and Impurities in Biologics

August 15-16, 2022 • Boston, MA

Cell Therapy CMC and Analytics

August 15-16, 2022 • Boston, MA

Integrated Continuous Processing

August 15-16, 2022 • Boston, MA

Host Cell Proteins & Impurities

August 15-16, 2022 • Boston, MA

mRNA-Based Therapeutics

August 17-18, 2022 • Boston, MA

Gene Therapy Manufacturing

August 17-18, 2022 • Boston, MA

Bioproduction: Smart Biomufacturing and Digitalization

August 17-18, 2022 • Boston, MA

Accelerating Analytical Development

August 17-18, 2022 • Boston, MA

Advances in Purification & Recovery

August 17-18, 2022 • Boston, MA

Formulation and Delivery of Biologics and New Modalities

August 17-18, 2022 • Boston, MA

Cell Therapy Manufacturing

August 17-18, 2022 • Boston, MA

Clinical Trials and TRANSLATIONAL MEDICINE

OPT Congress: Oligonucleotide & Precision Therapeutics

March 15-16, 2022 • Boston, MA

Oligonucleotide CMC and Regulatory Strategies

March 15-16, 2022 • Boston, MA

Gene Therapy Summit

April 11-13, 2022 • Boston, MA

Advancing Gene Therapy to the Clinic

April 13, 2022 • Boston, MA

Summit for Clinical Ops Executive Europe

April 20-21, 2022 • Barcelona

Feasibility, Site Selection and Study Activation

April 20-21, 2022 • Barcelona

Enrollment Planning, Participant Engagement and Recruitment

April 20-21, 2022 • Barcelona

Risk-Based Quality Management and Monitoring

April 20-21, 2022 • Barcelona

Clinical Data Strategy, Digital Endpoints and RWD

April 20-21, 2022 • Barcelona

Improving Immunotherapy Efficacy and Safety

May 2-3, 2022 • Boston, MA

Antibodies for Cancer Therapy

May 2-3, 2022 • Boston, MA

Cell-Based Immunotherapies

May 3-4, 2022 • Boston, MA

Immunogenicity Assessment and Management

May 3-4, 2022 • Boston, MA

Emerging Targets and Novel Approaches for Oncology & Beyond

May 3-4, 2022 • Boston, MA

Driving Clinical Success in Antibody Drug Conjugates

May 5-6, 2022 • Boston, MA

Next-Generation-Immunotherapies

May 5-6, 2022 • Boston, MA

Bio-IT World Conference & Expo

May 3-5, 2022 • Boston, MA

Digitization of Clinical Development and Clinical Trials

May 4-5, 2022 • Boston, MA

Immuno-Oncology Summit Europe

May 23-24, 2022 • London, UK

Targeting the Tumour Microenvironment

May 23-24, 2022 • London, UK

Immuno-Oncology Therapeutic Development

May 23-24, 2022 • London, UK

T Cell-Based Cancer Immunotherapy

Bispecific and Multi-Specific Antibody Therapeutics

May 23-24, 2022 • London, UK

Biomarkers & Precision Oncology World Congress

June 20-22, 2022 • Boston, MA

Clinical & Translational Biomarkers

June 20-21, 2022 • Boston, MA

Liquid Biopsy & Circulating Tumor Cells

June 20-21, 2022 • Boston, MA

Immuno-Oncology Biomarkers

June 21-22, 2022 • Boston, MA

Predictive Preclinical Models in Oncology

June 23-24, 2022 • Boston, MA

Drug-Diagnostic Co-Development and Companion Diagnostics

August 22-24, 2022 • Washington, D.C.

Genomics SERIES

OPT Congress: Oligonucleotide & Precision Therapeutics

March 15-16, 2022 • Boston, MA

Oligonucleotide Discovery and Delivery

March 15-16, 2022 • Boston, MA

Oligonucleotide CMC and Regulatory Strategies

March 15-16, 2022 • Boston, MA

Gene Therapy Summit

April 11-13, 2022 • Boston, MA

Machine Learning Approaches for Protein Engineering

May 5-6, 2022 • Boston, MA

AI for Oncology, Precision Medicine, and Health

May 4-5, 2022 • Boston, MA

Biomarkers & Precision Oncology World Congress

June 20-22, 2022 • Boston, MA

Clinical & Translational Biomarkers

June 20-21, 2022 • Boston, MA

Liquid Biopsy & Circulating Tumor Cells

June 20-21, 2022 • Boston, MA

Immuno-Oncology Biomarkers

June 21-22, 2022 • Boston, MA

Spatial Biology & Single-Cell Analysis

June 21-22, 2022 • Boston, MA

Drug-Diagnostic Co-Development and Companion Diagnostics

August 22-24, 2022 • Washington, D.C.

Biomarkers and DIAGNOSTICS

Sensors Summit

March 2-3, 2022 • La Jolla, CA

Sensor R&D for Healthcare Applications

March 2-3, 2022 • La Jolla, CA

Commercializing Next-Generation Devices and Applications for Healthcare

March 2-3, 2022 • La Jolla, CA

Difficult-to-Express Proteins

May 2-3, 2022 • Boston, MA

Optimizing Protein Expression

May 3-4, 2022 • Boston, MA

Maximizing Protein Production Workflows

May 5-6, 2022 • Boston, MA

Bio-IT World Conference & Expo

May 3-5, 2022 • Boston, MA

Biomarkers & Precision Oncology World Congress

June 20-22, 2022 • Boston, MA

Liquid Biopsy & Circulating Tumor Cells

June 20-21, 2022 • Boston, MA

Spatial Biology & Single-Cell Analysis

June 21-22, 2022 • Boston, MA

Biodetection Technologies

June 28-29, 2022 • Virtual

Next Generation Dx Summit

August 22-24, 2022 • Washington, D.C.

Enabling Point-of-Care Diagnostics

August 22-24, 2022 • Washington, D.C.

Drug-Diagnostic Co-Development and Companion Diagnostics

August 22-24, 2022 • Washington, D.C.

Liquid Biopsy for Disease Management

August 22-24, 2022 • Washington, D.C.

Advanced Diagnostics for Infectious Disease

August 22-24, 2022 • Washington, D.C.

Coverage and Reimbursement for Advanced Diagnostics

August 22-24, 2022 • Washington, D.C.

Early Cancer Surveillance

August 22-24, 2022 • Washington, D.C.

Drug & Device Safety Series

Commercializing Next-Generation Devices and Applications for Healthcare

March 2-3, 2022 • La Jolla, CA

Artificial Intelligence for Early Drug Discovery

April 19-20, 2022 • San Diego, CA

Host Cell Proteins & Impurities

August 15-16, 2022 • Boston, MA

Accelerating Analytical Development

August 17-18, 2022 • Boston, MA

Enabling Point-of-Care Diagnostics

August 22-24, 2022 • Washington, D.C.

Liquid Biopsy for Disease Management

August 22-24, 2022 • Washington, D.C.

Advanced Diagnostics for Infectious Disease

August 22-24, 2022 • Washington, D.C.

Sensors Summit

March 2-3, 2022 • La Jolla, CA

Sensor Data Analytics and Management for Healthcare

March 2-3, 2022 • La Jolla, CA

OPT Congress: Oligonucleotide & Precision Therapeutics

March 15-16, 2022 • Boston, MA

Oligonucleotide Discovery and Delivery

March 15-16, 2022 • Boston, MA

Targeting Stromal Cells in Cancer and Inflammatory Diseases

April 5-7, 2022 • Virtual

Gene Therapy Summit

April 11-13, 2022 • Boston, MA

Vector Analytics for Gene Therapy

April 11, 2022 • Boston, MA

Vector Engineering & Design

April 12, 2022 • Boston, MA

Covalent Modifications and Induced Proximity

April 18, 2022 • San Diego, CA

Fragment-Based Drug Discovery

April 19-20, 2022 • San Diego, CA

Artificial Intelligence for Early Drug Discovery

April 19-20, 2022 • San Diego, CA

Encoded Libraries for Small Molecule Discovery

April 19-20, 2022 • San Diego, CA

Small Molecules for Cancer or Autoimmunity

April 19-20, 2022 • San Diego, CA

Protein Degradation Using PROTACs and Molecular Glues

April 19-20, 2022 • San Diego, CA

RNA-Targeting Small Molecule Drugs

April 20-21, 2022 • San Diego, CA

Protein-Protein Interactions

April 20-21, 2022 • San Diego, CA

Chemoproteomics & Chemical Biology

Sensors Summit 2022

March 2-3, 2022

Sensor technology is transforming healthcare. Patient outcomes and standardization of care continue to benefit from smarter and more connected devices that provide real-time patient monitoring, early and point-of-care diagnosis, automated alerts, and continuous device performance data. These sophisticated devices necessitate advanced combinations of sensors, materials, power sources, data management, and algorithms to keep the devices specific and sensitive with real-time detection with the additional hurdles of obtaining regulatory and reimbursement approval. This conference will focus on design, development, and commercialization of various sensor and sensor-enabled devices in healthcare, including case studies from experts at established OEMs and promising start-ups.

OPT Congress

March 15-16, 2022

OPT Congress provides a unique opportunity to discuss advances in next-generation oligonucleotide therapies throughout the drug development process. We bring together leading discovery and development scientists, CMC and regulatory experts, and technology providers, to help you optimize drug design and delivery, streamline manufacturing and regulatory issues and accelerate time to market.

The Bioprocessing Summit Europe

March 22-24, 2022

Europe's fastest growing bioprocessing meeting is returning to Barcelona on 22-24 March, 2022, with more content, ground breaking science and practical case studies than ever before. This eight-track conference covers the full spectrum of bioprocessing and modalities with dedicated sessions on upstream and downstream processing, cell and gene therapy CMC and manufacturing, and the latest developments in analytics, stability and formulation. Along with a unique set of unpublished case studies and learnings, the Summit also features educational Short Courses, Interactive Breakout Sessions, and a comprehensive Exhibit Hall showcasing the latest technologies, solutions and services supporting the rapidly growing bioprocessing industry.

Targeting Stromal Cells in Cancer and Inflammatory Diseases

April 5-7, 2022

Stromal cells are key structural cells that construct tissue microenvironments, regulate tissue repair and provide critical growth and differentiation factors. Stromal cells are now recognized as central regulators of immune responses in lymphoid organs and in inflamed tissues. Targeting of stromal cells thus holds great promise for improving human health. The field of stromal cell research has gained substantial traction towards clinical application through the dissection of fundamental processes underpinning stromal cell function and the description of stromal cell heterogeneity in patients. This meeting will highlight cutting-edge science and provide insight into recent developments towards therapeutic stromal cell targeting in cancer and chronic inflammatory diseases.

Gene Therapy Summit

April 11-13, 2022

The past five years have been a critical turning point for gene therapy. From the first approved oligonucleotide-based therapy to the success of CAR-T cell therapies, followed by the recent in-vivo gene therapies and the emerging gene editing strategies, these gene therapeutics are not only life-changing for patients with rare diseases, but are also laying the

foundation for potential treatments of other unmet medical needs. Given the highly dynamic and competitive nature of the gene therapy industry, scientists are facing a multitude of challenges as they move from bench to clinic. This event thus hopes to gather the knowledge and expertise of scientists in vector engineering, analytics, immunogenicity assessments, preclinical development and clinical translation, to help accelerate next generation gene therapy development.

Drug Discovery Chemistry

April 18-21, 2022

Drug Discovery Chemistry is focused on discovery and optimization challenges of small molecule drug candidates, and is a dynamic in-person and online event for medicinal and biophysical chemists working in pharma, biotech, and academia. In addition to leading researchers from academia, government, biotech, and healthcare, speakers from the following have confirmed their participation for April's event, which will be available in-person to vaccinated attendees only: AbbVie, Amgen, Astex Pharmaceuticals, AstraZeneca, Biogen, Boehringer Ingelheim, Bristol Myers Squibb, Genentech, GlaxoSmithKline, Merck, Novartis, and Pfizer.

SCOPE Summit for Clinical Ops Executives Europe

April 20-21, 2022

Building on the success of its long-running US-based counterpart, the 4th Annual Summit for Clinical Trials Operations Executives Europe (SCOPE Europe) is a two-day hybrid event serving clinical innovation leaders, clinical ops execs, digital leaders, functional heads, category managers, and those responsible for the planning and management of clinical trials in Europe and the Rest of the World. This event brings together leaders from large, mid-sized, and small pharma, specialty pharma, biotech, vendor companies, and academic research centers who come together to share best practices and discuss the new era of decentralized, analytics-driven and patient-centric trials. The event features four conference tracks, shared plenary keynotes, interactive small breakout discussion groups, panels and networking – all optimized to serve our in-person attendees as well as our global virtual attendees. Topics to be discussed include the digitalization of trials, decentralized/hybrid trial operations, adapting to COVID, protocol development, global site selection, feasibility, study start up, patient engagement, diversity, enrollment planning, patient recruitment, patient retention, improving site-study activation and performance, new regulations and guidelines, Risk-Based Monitoring (RBM), clinical technology, big data and analytics, Real-World Data (RWD), Artificial Intelligence (AI), biomarker-driven trials, and improving overall quality and speed of clinical trials.

PEGS Boston

May 2-6, 2022

Now in its eighteenth year, the PEGS Boston Summit is recognized as the leading international meeting place for the biotherapeutics community. PEGS Boston highlights a wide spectrum of biologic drug development with in-depth presentations on protein and antibody engineering, immunotherapy, oncology, expression, analytical, immunogenicity, and more. As we navigate the new realities of conferences and gatherings, you can count on CHI's commitment to deliver quality content and facilitated networking opportunities to help achieve your research goals. Our new hybrid event model gives you the option to experience the summit safely in-person or securely online. Join your peers and colleagues from around the world at PEGS Boston Summit to share insights, case studies, cutting-edge research, and form collaborations to advance biotherapeutics development.

PEGSummit.com

Bio-IT World Conference & Expo

May 3-5, 2022

The Bio-IT World Conference & Expo is the world's premier event showcasing the technologies and analytic approaches that solve problems, accelerate science, and drive the future of precision medicine. The event unites a community of leading life sciences, pharmaceutical, clinical, healthcare, informatics, and technology experts in the fields of biomedical research, drug discovery & development, and healthcare from around the world. On May 3-5, 2022, our 21st annual event will once again host the conversations that connect the people, ideas, and opportunities that are advancing research and innovation. Join your colleagues for updates from inspiring keynotes, more than 150 presentations, and 3 days of interactive discussion.

Strategic Alliance Management Congress

May 9-11, 2022

As the biopharmaceutical industry continues to rely on alliances and collaboration with external organizations to access innovation and obtain market access, the function and organizational capability of Alliance Management is critical to ensure the effective execution of any strategic partnership, acting as a central driver of value, conflict resolution and success in a dynamic and changing environment.

alliancemanagementcongress.com

Immuno-Oncology Summit Europe

May 23-25, 2022

CHI's Sixth Annual Immuno-Oncology Summit Europe returns to London's Canary Wharf for three packed days of science and technology, discussion and networking, with coverage of recent advances in the development of promising immuno-oncology treatments. The event is comprised of three conference programs that cover therapeutic categories; T-Cell and related Cellular Therapeutics, Bi-specific Antibodies and Therapies targeting the Tumour Microenvironment, while a fourth program covers strategies for Therapeutic Development, including Predictive Biomarkers, Preclinical studies and Translational Studies. Clinical results and combination therapies will also be highlighted.

Biomarkers & Precision Oncology World Congress

June 20-22, 2022

Cambridge Healthtech Institute's Seventeenth Annual Biomarkers & Precision Oncology World Congress is the longest-running event dedicated to all areas of biomarker research and development spanning the pharmaceutical and diagnostic pipelines. Since 2004, the Congress has emerged as the leading annual meeting where big pharma and biotech drive innovation and collaboration in clinical and translational biomarkers, precision medicine and companion diagnostics, precision oncology and immune-oncology biomarkers, liquid biopsy, spatial biology and single-cell analysis. Please join us for comprehensive scientific coverage and unparalleled networking opportunities at the in-person Biomarkers & Precision Oncology World Congress 2022 in Boston!

Biomarkerworldcongress.com

World Preclinical Congress

June 23-24, 2022

Following 20 years of connecting the drug discovery and preclinical research community, Cambridge Healthtech Institute brings together thought leaders from pharma, biotech, academia, CROs and technology providers to drive innovation, share the latest research and technologies, network and form strategic partnerships, and accelerate drug and biologics R&D programs. The cutting-edge agenda includes innovation in predictive animal models for precision oncology and immune-oncology, 3D and iPS cell models for drug discovery and screening, disease modeling and artificial intelligence in translational research, and strategies to improve efficiency in preclinical R&D.

worldpreclinicalcongress.com

Biodetection Technologies

June 28-29, 2022

This conference is an internationally recognized meeting for experts in detection & identification of biological threats. The event will address the key topics in detection and present the latest R&D and technological innovation in ready-to-market systems. In addition, this meeting focuses on the latest strategies to overcoming the hurdles to the identification of global biological threats and translational gaps in bringing technologies from lab to field. Hear the latest updates on the work being done on rapid diagnostic technologies in battling the spread of COVID-19. This virtual conference will live stream on Eastern Daylight Time (EDT).

BiodetectionTechnologies.com

The Bioprocessing Summit

August 15-18, 2022

For more than 10 years, The Bioprocessing Summit has been recognized as the premier forum for industry leaders to share the latest research in bioprocess R&D, scale-up, quality and analytics. As we navigate the new realities of conferences and gatherings, you can count on CHI's commitment to deliver quality content and facilitated networking opportunities to help achieve your research goals.

BioprocessingSummit.com

Next Generation Dx Summit

August 22-24, 2022

Since 2009, the diagnostics community has united at Next Generation Dx Summit to discuss trend-setting developments, milestones, challenges and opportunities in the industry. A decade later, the diagnostics industry has paved the path to the precision medicine era with tremendous advancement in rapid and non-invasive testing, cancer detection and monitoring, and expanding applications of clinical sequencing.

About

Cambridge Healthtech Institute

Our Vision

At Cambridge Healthtech Institute (CHI), we believe bringing together a unique and diverse constellation of innovators, scientists, and life science professionals can hold the key to developing tomorrow's cures and diagnostics.

We are a life science network for leading researchers and business experts from top pharmaceutical, biotech, and academic organizations. CHI's product portfolio includes Cambridge Healthtech Institute Conferences, Barnett International, Insight Pharma Reports, and Cambridge Innovation Publishing, consisting of Bio-IT World, Clinical Informatics News, and Diagnostics World.
